

Feitosa, L.; Vorös, Victória R. (2019) “The roman erotic in the television screens”, in M. García Sánchez; R.S. Garraffoni (eds), *Mujeres, género y estudios clásicos: un diálogo entre España y Brasil*. 1ed. Barcelona e Curitiba: Universitat de Barcelona e Editora UFPR, v. 1, 313-20.

Based on the theoretical contribution of cultural studies and the analysis of the representations of the discourse about sexuality in the scientific, legal, literary, visual, and audiovisual contexts, is that this text is developed. The proposal is to discuss the Roman sexuality presented in *Sex in the Ancient World: Pompeii* and the concept of the documentary film as a representation of the historical past.
