

Gold, B, Lateiner, D, and Perkins, J. (eds) (2013) *Roman Literature, Gender, and Reception: Domina Illustris. Essays in Honor of Judith Peller Hallett*, Routledge.

This collection of essays offers studies of ancient history, literature, and gender identifications and roles. Pagan and Christian texts are re-examined from feminist and imaginative perspectives. Among the texts, figures and authors treated from a feminist perspective are Terentia, “Phyllis” in Roman poetry, the woman warrior in the *Aeneid*, Perpetua, and Claudian.
